HOUSE BILL NO. 501 FOR THE APPROVAL OF)	
THE PRINCIPLES OF AGREEMENT, DEMAND SIDE)	
MANAGEMENT, THE UNION LIGHT, HEAT AND)	
POWER COMPANY, AND FOR AUTHORITY FOR)	CASE NO. 95-312
THE UNION LIGHT, HEAT AND POWER COMPANY)	
TO IMPLEMENT VARIOUS TARIFFS TO RECOVER)	
COSTS, LOST REVENUES AND RECEIVE)	
INCENTIVES ASSOCIATED WITH DEMAND SIDE)	
MANAGEMENT PROGRAMS)	

O R D E R

On December 1, 1995, the Commission approved The Union Light, Heat and Power Company's ("ULH&P") demand-side management ("DSM") plan. The DSM plan included the implementation of specific DSM programs, a collaborative process to consider and develop additional DSM programs, and tariffs which would permit ULH&P to recover DSM program and administrative costs, lost revenues, and incentives. The DSM plan will be in effect through December 31, 1999.

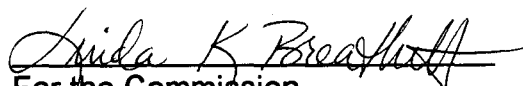

On September 30, 1996, ULH&P filed a motion for the Commission to establish February 1, 1997, as the date for ULH&P to file its 1997 Annual Demand-Side Management Cost Recovery Mechanism Adjustment ("1997 DSM Adjustment"). ULH&P's approved DSM plan originally specified October 1, 1996, as the filing date of the annual cost recovery adjustment. The Commission granted the request on October 10, 1996.

ULH&P now seeks to extend the filing date of its 1997 DSM Adjustment to April 1, 1997. In its motion filed on January 30, 1997, ULH&P indicated that such an extension is necessary to allow ULH&P to finalize the development budget and to continue to work with the DSM Collaborative on this matter. Having considered the motion and being otherwise sufficiently advised, the Commission finds that ULH&P's motion should be granted.

IT IS THEREFORE ORDERED that ULH&P shall file on or before April 1, 1997, its 1997 DSM Adjustment.

Done at Frankfort, Kentucky, this 14th day of February, 1997.

PUBLIC SERVICE COMMISSION

For the Commission
